

MAY MONTH OF ANARCHY

**CAPITALIST CRISIS? CORPORATE GREED? LYING POLITICIANS?
GREEDY BANKS? STINGY LANDLORDS? RACIST COPS? SELFISH BOSSES?
THERE IS AN ALTERNATIVE!**

Anarchy doesn't mean chaos: it's a type of society based on freedom and equality. Anarchy is community-based democracy, where local people's assemblies make decisions instead of politicians, bosses, and bureaucrats. Instead of competing, workers and communities share and look out for each other. Capitalism has failed, so has Communism! It's time for a new idea. The Northeast Anarchist Network has called for a month of anarchist and related public events and actions across the Northeast. Check out these events in your city to see how it works!
